Modifies the law relating to meningococcal vaccines for students enrolled at public institutions of higher education

Under current law, every public institution of higher education in Missouri must require all students residing in on-campus housing to have received the meningococcal vaccine, unless an exemption applies. This act would require all such students to have received the vaccine not more than 5 years prior to enrollment and in accordance with the

latest recommendations of the Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention. Additionally, this act defines "on-campus" housing as including any fraternity or sorority residence, privately owned or not, on or near the campus of a public institution of higher education.

This act expands the ban on use of hand-held cell phones to all drivers for the purposes of both sending, reading, or writing text messages or electronic messages and making telephone calls. Cell phones are permitted to be used by drivers in a hands-free or voice activated mode, which includes the use of a headset.
